Pittsburgh, PA

<https://github.com/jeffolsen> | [linkedin.com/in/jeff-olsen-ba409b27](https://www.linkedin.com/in/jeff-olsen-ba409b27)

Skills:

Javascript, TypeScript, React, Nextjs, Tailwindcss, Node, Yarn

Work Experience:

Placewise Media, 2014 to 2025

Senior Developer (Typescript/React/Nextjs, Tailwindcss/Twin)

- Collaborated on a new CMS frontend for the Rails API, migrating from a legacy Coldfusion CMS.
- Helped migrate much of the company's frontend components from Coldfusion/JQuery/SCSS to React/Nextjs/Tailwind in preparation for expansion into international markets.

Junior Backend Developer (Ruby/Rails)

- Developed Rails JSON API endpoints supporting user account login. Some supported features: flexible requirements, content favoriting, magic links, daily emails.
- Modeled loyalty program tracking; used for event check-ins, coupon distribution, or interactive games. End users could log into the website through their phones and present a QR code to participate in onsite activities.
- Contributed to a GraphQL facade to serve content to Gatsby and the Nextjs websites.
- Used Rspec and Factorybot for testing.

Junior Frontend Developer (Grunt, Javascript/JQuery, SCSS, Coldfusion)

- Collaborated with a team of graphic designers, translating Photoshop and Figma comps into reusable frontend components, shared across 500+ shopping center websites.
- Frontend components were composed of Coldfusion templates, with SCSS and JQuery providing artistic flourish and user experience.
- Responsibilities included:
 - Develop layouts with mixed content from retail brands, products, promotions, events, movies, press releases, job openings
 - 3rd party integrations (Google Ads, GTM, Facebook and other social networks, geojson maps, mailchimp, movie theater APIs, etc).
 - Account login and personalization experience.
 - Cross-browser compatibility, SEO optimization and ARIA compliance.

Education:

Metropolitan State University Denver, Graduated 2013

BFA Digital Art - Double Minor in Computer Science and Mathematics
